

NAJWA MAHARANI PUTRI

INDUSTRIAL DESIGNER

Wiyung, Rayan Regency Blok J22 | +62 852-5717-2635 | www.linkedin.com/in/awajjna

SUMMARY

I'm in my third year Industrial Design student at ITS specializing in contemporary furniture. Expert in transforming user needs into ergonomic, manufacturable designs. Experienced in developing workspace and outdoor solutions with a focus on material efficiency and rapid prototyping. Dedicated to in depth anthropometric research and field surveys to create functional, user centered furniture that enhances daily living.

EXPERIENCES

Multimedia and Information Staff | BEM ITS

March 2025 - April 2026

- Spearheaded an award program honoring faculty BEMs and student associations for active social media promotion.
- Executed information dissemination and content strategies across BEM ITS social media channels.
- Managed official event documentation by capturing and organizing visual assets.

Entrepreneurship Agency Staff | BEM FDKBD ITS

May 2024 - April 2025

- Provided marketing and operational support for faculty student owned businesses.
- Executed promotional strategies to increase brand awareness and online visibility.
- Managed on site sales and commercial activations during faculty events.

PROJECTS

Cat Café Furniture Design | Product Design Studio II

February 2025 - June 2025

- Conducted user centered research through employee interviews and behavioral observations of human and cat interactions.
- Analyzed user ergonomics and seating duration to optimize visitor comfort and safety.
- Designed an ergonomic cafe chair tailored to the dynamics of multi-species interaction.

K-Pop Collectibles Storage Design | Product Design Studio I

August 2024 - December 2024

- Analyzed user pain points and ergonomics regarding how K-Pop collectors store and display merchandise.
- Conducted material research and selection tailored for physical furniture manufacturing.
- Fabricated a functional storage prototype from scratch using workshop machinery.

SKILLS

Design & 3D Modeling	Creative & Media	Photography
Prototyping & Manufacturing	Product Development & Fabrication	Videography

EDUCATION

Sepuluh Nopember Institute of Technology (ITS)

Industrial Design

August 2023 - Present

SMAN 9 Surabaya

Science Major

July 2020 - May 2023

ADDITIONAL INFORMATION

- **Languages:** Indonesian, English, Mandarin (HSK 2)
- **Software Skills:** Fusion 360, Blender (Lighting), Canva, CapCut, Alight Motion.
- **Fabrication:** 3D Printing (FDM/SLA), Woodworking, CNC, Rapid Prototyping.
